### COLLEGE AT A GLANCE:

Vignan Pharmacy College was established in 2006. This constituent college is a prestigious institution located in a multilevel building with well equipped research laboratories and good research facilities to meet the global needs. We actively seek students who best personify our core values – innovation, leadership, excellence, integrity, respect and professionalism. The institution offers B. Pharm, M. Pharm (Pharmaceutics & Pharmaceutical Analysis) and Pharm.D. The college is recognized by government of AP and Affiliated to JNTU Kakinada. The Undergraduate and Post graduate degree programmes are approved by the Pharmacy Council of India (PCI) and All India Council for Technical Education (AICTE), New Delhi.

### VISION :

To be a center of excellence in Pharmaceutical Sciences to produce internationally accepted, competitive pharmacy professionals who are psychologically strong and emotionally balanced imbued with social consciousness and ethical values.

### MISSION :

To provide high quality academic programs, through innovative teaching-learning process, training activities, research facilities and opportunities supported by continuous industry-institute interaction aimed at promoting employability, leadership, research aptitude and entrepreneurship in the advanced areas of Pharmaceutical Sciences among students and contribute to the economic and health care development of the Region, State and Nation.

## COLLEGE AT A GLANCE:

Vignan Pharmacy College was established in 2006. This constituent college is a prestigious institution located in a multilevel building with well equipped research laboratories and good research facilities to meet the global needs. We actively seek students who best personify our core values – innovation, leadership, excellence, integrity, respect and professionalism. The institution offers B. Pharm, M. Pharm (Pharmaceutics & Pharmaceutical Analysis) and Pharm.D. The college is recognized by government of AP and Affiliated to JNTU Kakinada. The undergraduate and Post graduate degree programmes are approved by the Pharmacy Council of India (PCI) and All India Council for Technical Education (AICTE), New Delhi.

## MISSION :

To provide high quality academic programs, through innovative teaching-learning process, training activities, research facilities and opportunities supported by continuous industry-institute interaction aimed at promoting employability, leadership, research aptitude and entrepreneurship in the advanced areas of Pharmaceutical Sciences among students and contribute to the economic and health care development of the Region, State and Nation.

## VISION :

To be a center of excellence in Pharmaceutical Sciences to produce internationally accepted, competitive pharmacy professionals who are psychologically strong and emotionally balanced imbued with social consciousness and ethical values.

CLASSIFICATION OF TECHNOLOGY TRANSFER/INNOVATION PROCESS MODELS		
Model	Generation	Characteristics
Technology Push	First	Simple linear sequential process. Emphasis on R&D and science. Innovation is pushed by technology and science.
Market Pull	Second	Simple linear sequential process. Emphasis on marketing. Innovation is pulled by market needs.
Coupling Model	Third	Recognizes interaction between different elements and feedback loops between them. Innovation is a result of simultaneous coupling of knowledge within all three functions: R&D, manufacturing and marketing.
Interactive Model	Fourth	Combination of push and pull models. Integration within firm. Innovation process is viewed as parallel activities across organizational functions.
Network Model	Fifth	Recognizes influence of external environment and the effective communication with external environment. Innovation happens within a network of internal and external stakeholders.
Open Innovation	Sixth	Innovation processes does not take place only within the firm boundaries. Internal and external ideas as well as internal and external paths to market can be combined to advance the development of new technologies or introduction of innovative products, services and processes.
